Customer Help User Guide

In the shopping screen you will see input fields for searching and filtering the inventory, a view for shopping, a cart, fields for card information, and a discount field .

Customer Screen Contents

1. Exit Button

The exit button will return you to the Login screen
and log you out of your account.

2. Clear Buttons

The clear buttons will clear the textboxes and combo selections
In their respective fields.

3. Add to Cart Button

Once the user selects an Item they can add it to
The cart with this button.

4. Remove Button

The remove button will remove the selected item from the cart.

5. Card Fields

The customer must enter a valid credit card number, card expiration date,
and security code before completing the transaction.

○ Card is not accepted if past the expiration date (within 5 years of
current
year) or invalid card number format.
○ Example:
■ VISA/MasterCard 1234-5678-1234-5678
■ CCV: 123
■ Exp: 07/2026

6. Search Button and Filters
The search button will search for the text in the search text box.
The filters will filter the inventory based on the selected combo.

7. Discount Code Button
The discount button will apply a valid discount code to your cart.

8. Check Out Button
Once an item is in the cart, and all valid card info is entered. A user may
checkout and they will be shown their receipt with all the order details.
